

GOVERNOR ARNOLD SCHWARZENEGGER

October 2009

*Daniel Pearl Foundation*

On behalf of all Californians, I am pleased to extend my greetings to all who have gathered for your eighth annual Daniel Pearl World Music Day.

California is proud to host events that promote cultural understanding through the enjoyment of music. I applaud your work to bring joy to the others by continuing the legacy of Daniel Pearl. With your tremendous efforts, you remember a remarkable human being while also connecting numerous cultures together through the love of music. As a result, the ideals he strived for as a journalist, a friend, a son and a husband, still live on today as part of this celebration. I commend your actions to share the happiness that he brought to many.

My thanks go to your supporters for organizing these unique performances. As a result, Daniel's message of harmony and acceptance will continue through the beauty of the music that is played around the world.

Please accept my best wishes for memorable and meaningful performances.

Sincerely,

A handwritten signature in black ink, appearing to read "Arnold Schwarzenegger".
